Insurance Reminder

The clock is counting down...

It's almost time for 2015 to come to an end. For those of you with health benefits covering naturopathic medicine, now's a great time to see if you have any unused coverage. Using up your coverage will allow you to maximize your treatment and weigh in on your yearly health goals. If we have not addressed all of your health concerns this is a good time to revisit old concerns and address new ones.

Remember most plans cover a wide range of naturopathic services. Since most services are done in house your health insurance can go a long way. Looking at the schedule I still have clinic spots available in December to squeeze in one or two more visits. So call the clinic at 289-337-4217 and we will tie up all those loose ends before the year ends.

*Yours in Good Health,
Kim Townsend, ND*
